

Dear Incoming Visiting Scholar,

As of October 1, 2020, we are required by Washington State law (RCW 28B.112.080) to have you sign a statement disclosing whether you are currently under investigation or have been the subject of any substantiated findings of sexual misconduct with current or past employers. All state institutions of higher education must comply with this requirement. Please complete the questionnaire included in the Sexual Misconduct Declaration tool and notify uwvs@uw.edu when completed so that you can be officially entered into the UW system. We appreciate your cooperation and attention to this matter.

To learn more information about this legal requirement, please go to:

If you have any questions about this process, please contact the HR department at hrlaw@uw.edu.

Visiting Scholars and Visiting International Professional Scholars are subject to this mandate and we cannot finalize your appointment without this document. Thank you for your cooperation.

Best regards,
